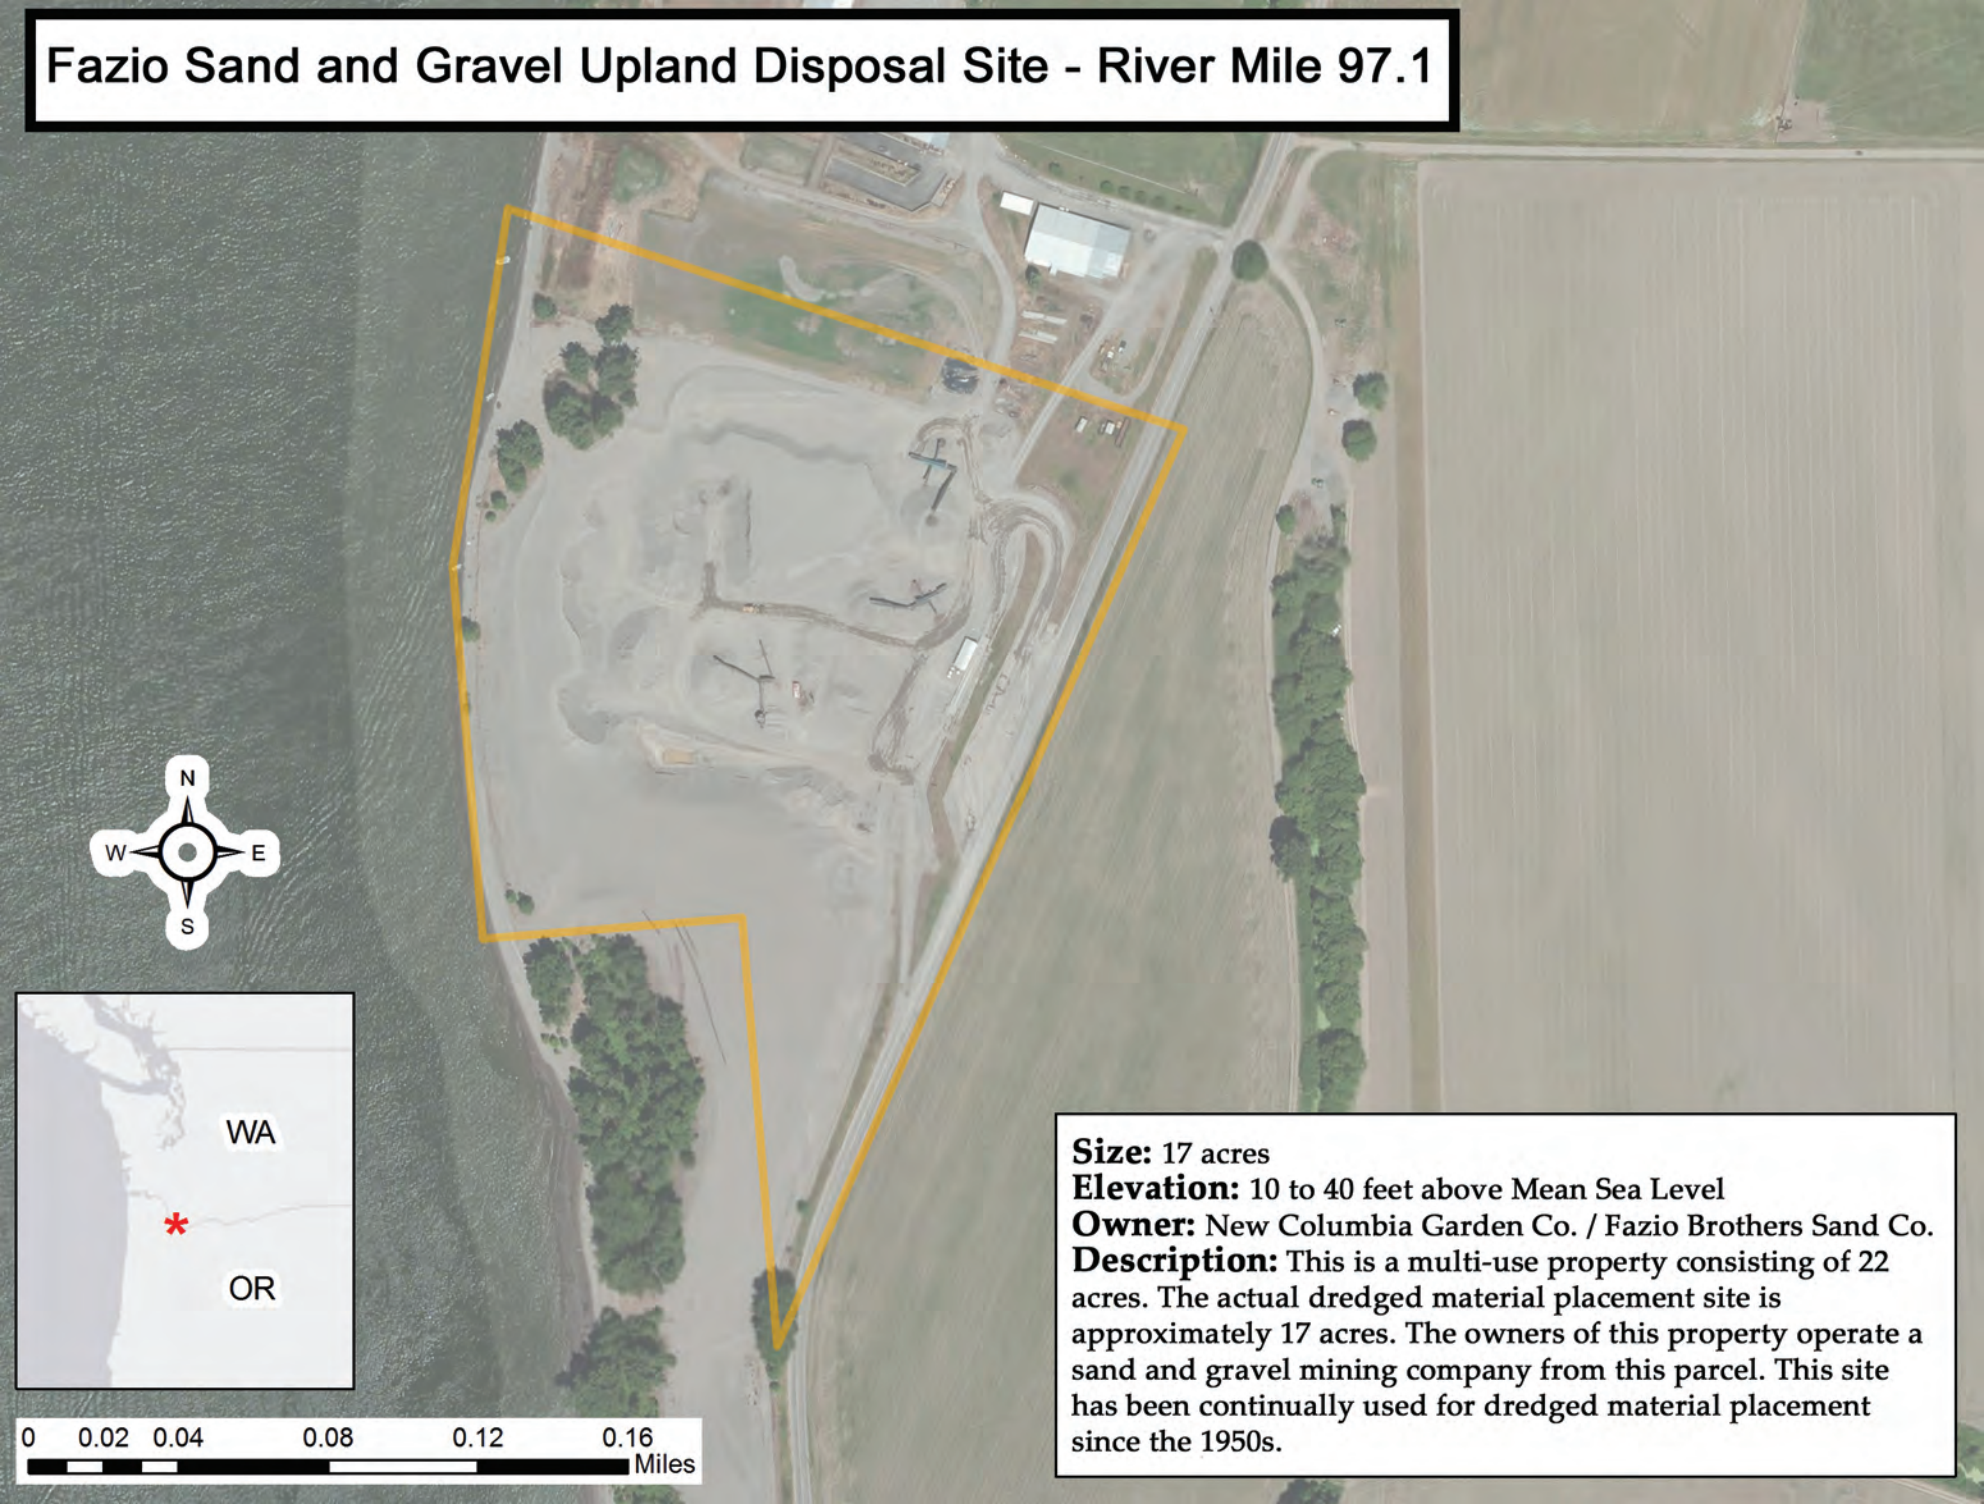
Fazio Sand and Gravel Upland Disposal Site - River Mile 97.1



Size: 17 acres
Elevation: 10 to 40 feet above Mean Sea Level
Owner: New Columbia Garden Co. / Fazio Brothers Sand Co.
Description: This is a multi-use property consisting of 22 acres. The actual dredged material placement site is approximately 17 acres. The owners of this property operate a sand and gravel mining company from this parcel. This site has been continually used for dredged material placement since the 1950s.
