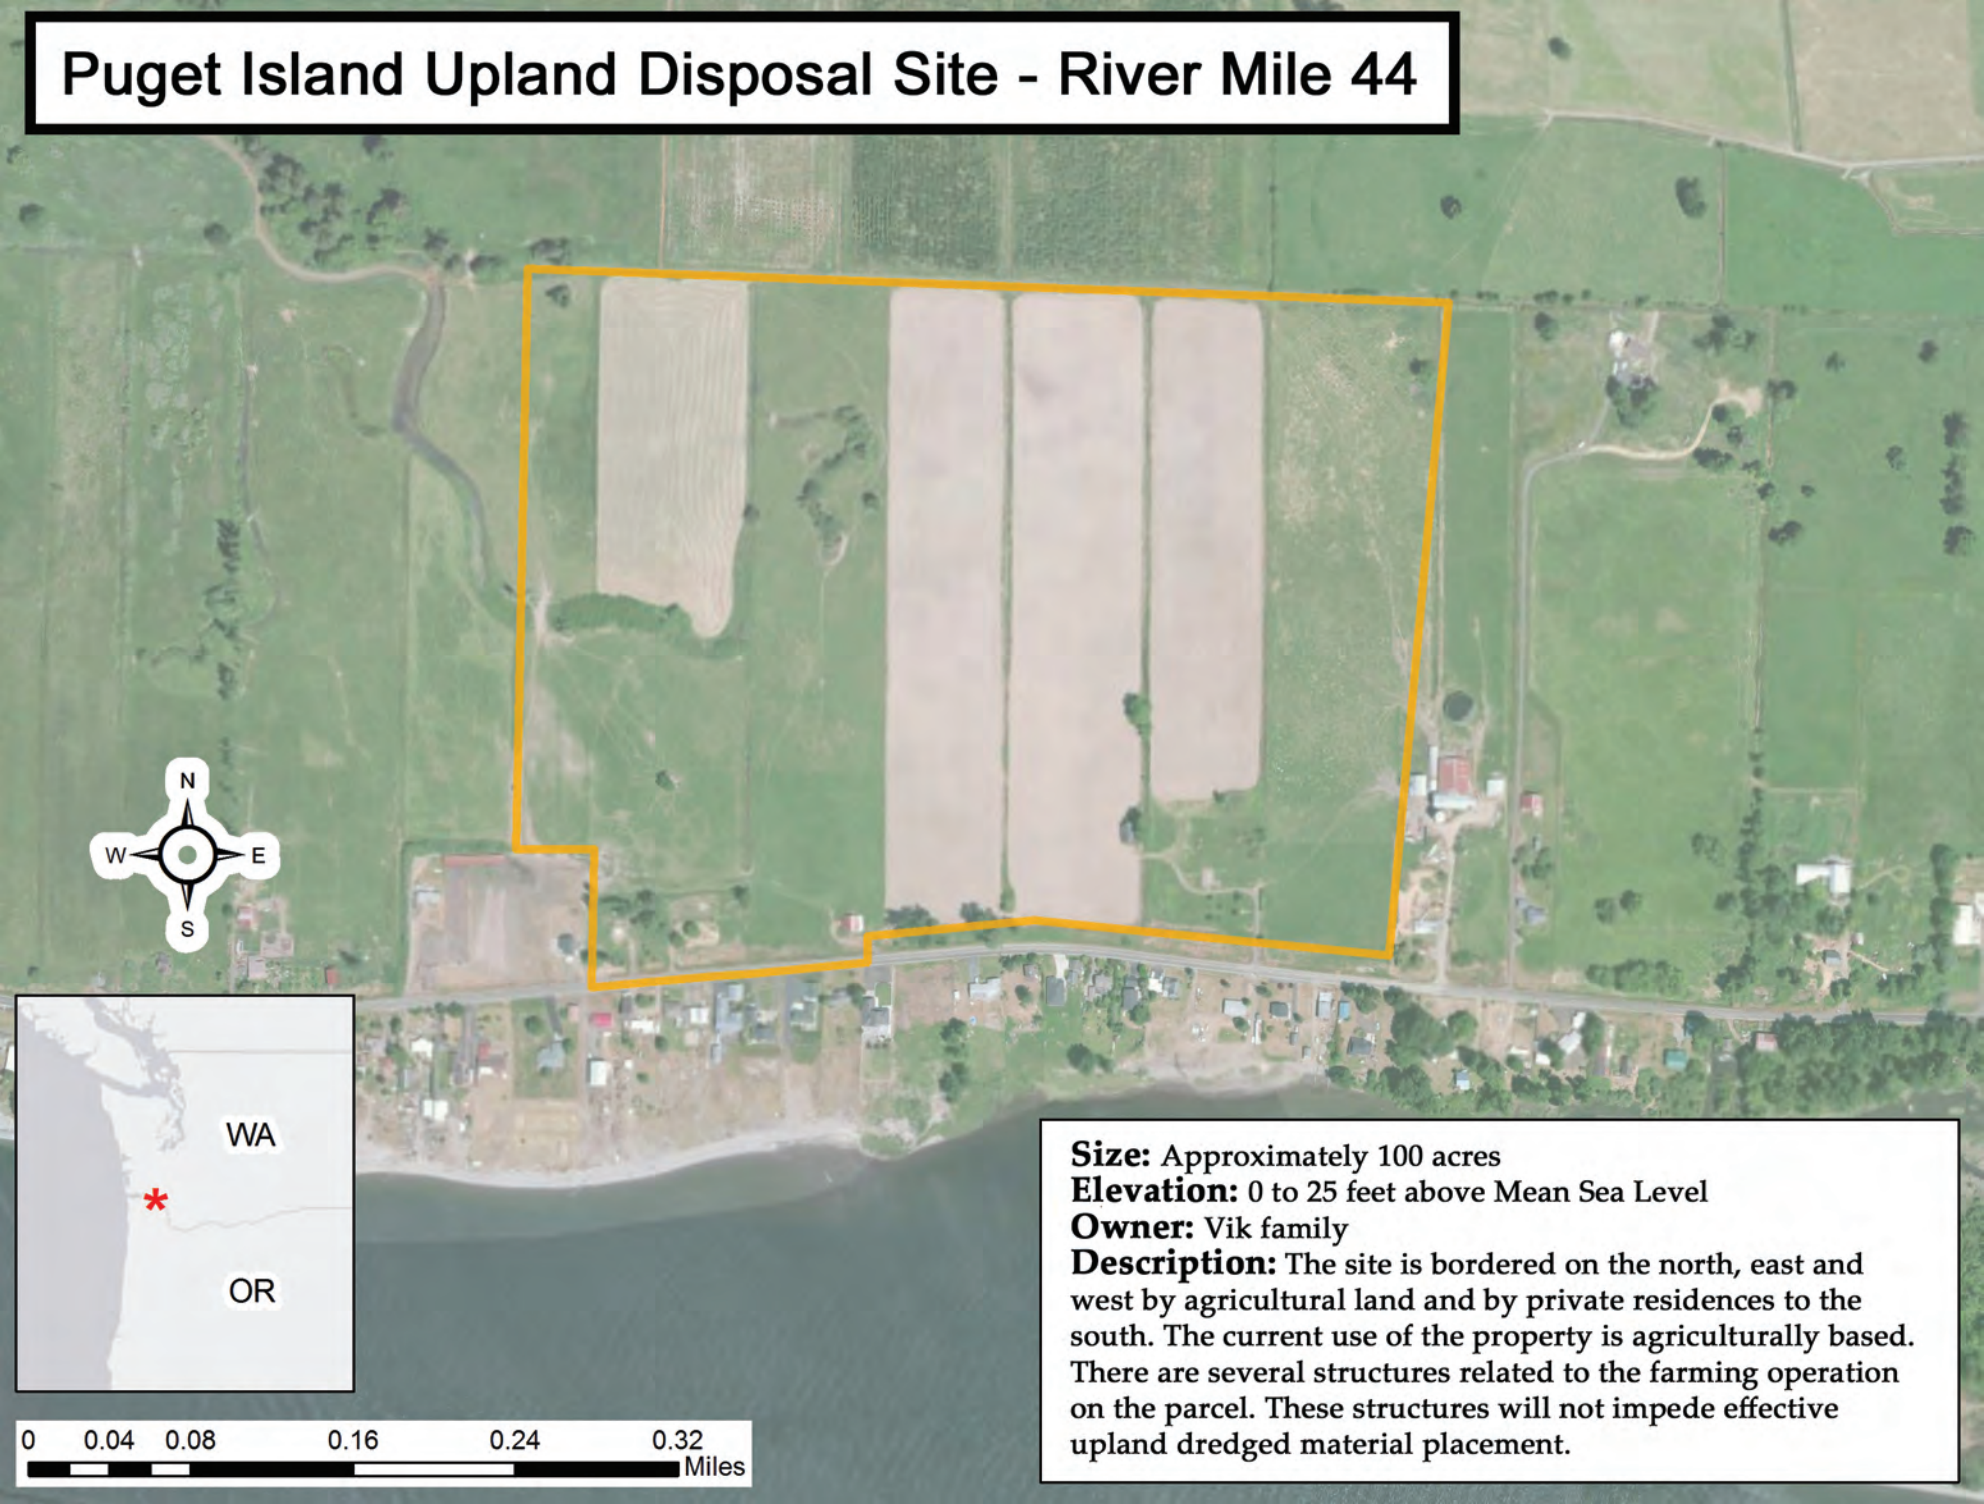
Puget Island Upland Disposal Site - River Mile 44



Size: Approximately 100 acres
Elevation: 0 to 25 feet above Mean Sea Level
Owner: Vik family
Description: The site is bordered on the north, east and west by agricultural land and by private residences to the south. The current use of the property is agriculturally based. There are several structures related to the farming operation on the parcel. These structures will not impede effective upland dredged material placement.
