

US Army Corps of
Engineers

Oregon Department
of State Lands

Joint Public Notice

Monthly Federal-State interagency coordination and pre-application meetings

Issue Date: January 6, 2016

The U.S. Army Corps of Engineers, Portland District (Corps), and the Oregon Department of State Lands (DSL) jointly welcome prospective Clean Water Act § 404 and Oregon's Removal-Fill permit applicants to meet with the agencies as part of regularly scheduled interagency pre-application meetings. The meetings supplement existing pre-application coordination led by the Corps and DSL.

The pre-application process is intended for non-routine permit evaluations that may be large, complex, or controversial in nature. The intent of the meetings is to provide meaningful comment and feedback to prospective applicants early in the permitting process, to help them most effectively prepare permit applications and address agency concerns.

On the third Wednesday of each month, from 1 to 2 p.m, participating state and federal agencies will meet with a prospective applicant to discuss their proposed project, provide feedback, and share information.

The meetings are designed to assess draft information, and prospective attendees are asked to provide basic project information, in the form of responses to a standard set of questions, at least two weeks prior to the meeting.

Meeting locations and dates for 2016

January 20, 2016 – Corps office – Portland, 333 SW 1st Ave.
February 17, 2016 – DSL office – Salem, 775 Summer St NE, Suite 100
March 16, 2016 – DEQ office – Portland, 700 NE Multnomah St., Suite 600
April 20, 2016 – Corps office – Portland, 333 SW 1st Ave.
May 18, 2016 – DSL office – Salem, 775 Summer St NE, Suite 100
June 15, 2016 – DEQ office – Portland, 700 NE Multnomah St., Suite 600
July 20, 2016 – Corps office – Portland, 333 SW 1st Ave.
August 17, 2016 – DSL office – Salem, 775 Summer St NE, Suite 100
September 21, 2016 – DEQ office – Portland, 700 NE Multnomah St., Suite 600
October 19, 2016 – Corps office – Portland, 333 SW 1st Ave.
November 16, 2016 – DSL office – Salem, 775 Summer St NE, Suite 100
December 21, 2016 – DEQ office – Portland, 700 NE Multnomah St., Suite 600

Note: Meetings may be relocated to Salem, Eugene, or elsewhere if appropriate for specific prospective projects.

Screening tools and pre-meeting information

Prospective applicants interested in a formal pre-application meeting should work with their points of contact at the Corps and DSL and review online project screening tools prior to requesting time at a monthly agency meeting.

The screening tools, known as the matrix and accompanying matrix user's guide, are available on the Oregon Department of State Lands website, linked here:

<http://oregon.gov/dsl/PERMITS/Pages/Removal-Fill-Pre-Application-Meetings.aspx>

The matrix will help prospective applicants assess if a pre-application meeting will be beneficial to their project development. Even if the applicant opts to not have a formal pre-application meeting, the information contained in the matrix and user's guide may be helpful for any project potentially needing a § 404 permit (and associated § 401 Water Quality Certification) or a Removal-Fill Permit, and a less formal pre-application meeting may still be appropriate.

The screening tools are intended primarily for use by large-scale, controversial or complex projects. The tools are available for any potential applicant or agency staff person to use, and can be scaled down to assess the risks associated with less complex or less controversial projects.

Participating agencies

- U.S. Army Corps of Engineers – Portland District
- Oregon Department of State Lands
- Oregon Department of Environmental Quality
- U.S. EPA – Region 10 Oregon Operations Office
- NOAA National Marine Fisheries Service
- U.S. Fish and Wildlife Service
- Oregon Department of Geology and Mineral Industries
- Oregon Department of Fish and Wildlife
- Oregon Department of Land Conservation and Development
