**Cultural History Video Reflection – post activity:**

Please answer in complete sentences using your own ideas and ideas you learned in the video:

**1.What issues do people, animals, and plants face today in the Columbia River? (especially think about tribal peoples and man-made effects on the land and rivers)**

**2.What values have changed in society over the course of history? (think about salmon, trading goods, and navigation through the river)**

**3.What can we do today to help protect the resources, animals, plants, and people in the Columbia River Gorge?**
