There are **no** "navigable waters of the U.S." within Rivers and Harbors Act (RHA) jurisdiction (as defined by 33 CFR part 329) in the review area.

B. CWA SECTION 404 DETERMINATION OF JURISDICTION.

There are **no** "waters of the U.S." within Clean Water Act (CWA) jurisdiction (as defined by 33 CFR part 328) in the review area.

SECTION III: DATA SOURCES.

A. SUPPORTING DATA. Data reviewed for JD (check all that apply - checked items shall be included in case file and, where checked and requested, appropriately reference sources below):

- Maps, plans, plots or plat submitted by or on behalf of the applicant/consultant: Plans and elevation drawings provided as part of JPA, received 24 July 2019.
- Data sheets prepared/submitted by or on behalf of the applicant/consultant.
- Office concurs with data sheets/delineation report.
- Office does not concur with data sheets/delineation report.
- Data sheets prepared by the Corps:
- U.S. Geological Survey Hydrologic Atlas: USGSHydroCached (MapServer) data remotely displayed within eGIS system
- USGS NHD data.
- USGS 8 and 12 digit HUC maps.
- U.S. Geological Survey map(s). Cite scale & quad name:
- USDA Natural Resources Conservation Service Soil Survey. Citation: Web Soil Survey website (<https://websoilsurvey.sc.egov.usda.gov/App/HomePage.htm>), accessed 25 September 2019
- National wetlands inventory map(s). Cite name: U.S. Fish and Wildlife Service National Wetland Inventory dataset remotely displayed within eGIS system (www.fws.gov/wetlands/), accessed 25 September 2019
- State/Local wetland inventory map(s): Dunes City LWI, Pacific Habitat Services 1996
- FEMA/FIRM maps:
- 100-year Floodplain Elevation is: (National Geodetic Vertical Datum of 1929)
- Photographs: Aerial (Name & Date): Google Earth imagery included as part of JPA, received 24 July 2019..
- or Other (Name & Date):
- Previous determination(s). File no. and date of response letter:
- Applicable/supporting case law:
- Applicable/supporting scientific literature:
- Other information (please specify):

B. REQUIRED ADDITIONAL COMMENTS TO SUPPORT JD. EXPLAIN RATIONALE FOR DETERMINATION THAT THE REVIEW AREA ONLY INCLUDES DRY LAND: The review area is located on 0.2 acres at 5500 Collins Loop, Dunes City, Lane County, Oregon. The review area is entirely upland. The National Wetland Inventory and Dunes City local wetland inventory indicate that the project site is not located within wetland areas. The USDA web soil survey data show soils in the project area to be non-hydric. The USGS National Hydrography Dataset does not show presence of open water resources within the review area. Elevation and plan drawings provided by the

¹ This form is for use only in recording approved JDs involving dry land. It extracts the relevant elements of the longer approved JD form in use since 2007 for aquatic areas and adds no new fields.

applicant indicate that the project site upland of the geographic extent of Woahink Lake. Readily available remote data does not suggest potential presence of aquatic resources within the review area.
