<u>Section</u>	<u>Page</u>
Columbia and Willamette River Sediment Quality Evaluation for the Columbia River Channel Deepening Feasibility Report	
1.0 Introduction	B-1
2.0 Framework	B-2
3.0 Previous Studies	B-3
4.0 Ranking	B-4
5.0 Sampling Event	B-5
6.0 Current Study	B-6
6.1 Columbia River Data	B-6
6.2 Willamette River Data	B-7
7.0 Discussion	B-8
7.1 Samples of Interest - Columbia River	B-8
7.2 Samples of Interest - Willamette River	B-9
7.3 Composite Samples, Field Replicates and Laboratory Quality Control	B-10
7.4 Sample Locations	B-11
7.5 Radionuclides	B-11
8.0 Conclusion	B-14
Bibliography	B-39

Tables

1. Columbia River Proposed Sample Locations	B-15-16
2. Columbia River Actual Sample Locations	B-17-18
3. Columbia River Channel Condition survey	B-19
4. Willamette River Sample Locations	B-20
5. Columbia River Physical Data, Volatile Solids & TOC Analysis	B-21-22
6. Columbia River Metals Analysis	B-23
7. Columbia River Pesticides and PCBs Analysis.....	B-24
8. Columbia River Low PAHs Analysis	B-25
9. Columbia River High PAHs Analysis.....	B-26
10. Columbia River P450 RGS (Dioxin/ Furan Screen)	B-27
11. Willamette River Physical Data, Volatile Solids & TOC Analysis.....	B-28
12. Willamette River Metals Analysis	B-29
13. Willamette River Pesticides and PCBs	B-30
14. Willamette River Low PAHs Analysis.....	B-31
15. Willamette River High PAHs Analysis.....	B-32
16. Willamette River P450 RGS (Dioxin/ Furan Screen)	B-33
17. Willamette River (Deep Water Sites) Metals, TOC, TBT	B-34
18. Willamette River (Deep Water Sites) Pesticides/PCBs.....	B-35
19. Willamette River (Deep Water Sites) Phenols, Phthalates, Misc. Extract...	B-36
20. Willamette River (Deep Water Sites) PAHs Low Molecular Weight.....	B-37
21. Willamette River (Deep Water Sites) PAHs High Molecular Weight.....	B-38

Table of Contents (continued)

<u>PLATES</u>	<u>No.</u>
Willamette River Sample Location Maps.....	1-5
Columbia River Sample Location Maps	6-34

Exhibits

- A Columbia River Channel Deepening Sampling and Analysis Plan,
May 14, 1997
- B Volume I, Sediment Characterization Study of Local Sponsors'
Berths; Columbia and Willamette River Navigation Channel Deepening:
Longview and Kalama, Washington and Portland, Oregon,
February 1, 1999
