12.5 Terms and Conditions

**Term and Conditions 6c**

6. The Corps shall provide NMFS with annual reports starting one year after the date of this Opinion regarding Project compliance, monitoring, restoration, and research activities. The report shall also summarize annual implementation of reasonable and prudent measures and their implementing terms and conditions:

c. Ecosystem Restoration Features:

i. Upon completion of each restoration feature, the Corps will submit an monitoring report to NMFS. The report will include:

- (1) Detailed discussion of monitoring results.
- (2) Photographic documentation of environmental conditions at the project site before, during, and after project completion.
- (3) Photographs will include general project location views and close-ups showing details of the project area and project, including pre and post construction.
- (4) Each photograph will be labeled with the date, time, photo point, project name, the name of the photographer, and a comment describing the photograph's subject.
- (5) Recommendations on methods to improve site-specific restoration activities.

---

**Action Plan:** The Corps will provide a report on each ecosystem project that details the listed items. A report will be provided for each project regardless of progress.

**Schedule:** The report will be submitted in January each year.

**Progress:** Lord-Walker remains the only ERF action completed. A report was submitted last year for Lord-Walker. Additional site photos obtained in 2006 are attached.
